Hymn 1.

1

Farewell farewell vain world farewell
I find no rest in thee
Thy greatest pleasures form a hell
to dark and sad for me
Alas alas I have too long
persevd thy sinful croud
I listen'd to your syren song
while mercy call,d aloud

2

Farewell vain world I say once more
I,m bound for Canaan land
I see a happy world before
prepard at God,s right hand
On life,s tempestuous sea I sail
while countless billows roll
But Christ my pilot will not fail.

2. with him I trust my soul

3

He can command the roaring tide
and silence all my foes
With courage safely I can ride
though every wind that blows
Then as I daily homewards steer
toward the land of peace
This world does less and less appear
and all its charms decrease

4

The shineing millions sail before
who gain'd the port above
Found nothing in old Babel's store
that they could prize or love
That everlasting glory bright
will tarnish all below
Just as the sun's meridian light

Hymn 2.

1

Come heavenly love and fill my soul
All selfishness in me control
O cut me loose from bondage free
Prepare me for eternity
In graceful circles guard me home
My loveing Father bids me come
Come follow on in union dress,d
Your soul shall land in heavn, by rest

2

Now with this rich reward in view
My Fathers footsteps I,ll pursue
My prayers to Mother shall ascend
To guard me safely to the end
O cleanse me from all crooked ways
That I in peace may spend my days

4. With those who keep the way of God
And keep this lovly narrow road

Hymn 3.

1
Hark brethren don,t you hear the sound
the gospel Trumpet now is blowing
Many souls are gathering round
to Mothers banner see them flowing
Full salvation by the cross
faithful
to every soul is given
When refined from their dross
a crown of life laid up in heaven

2
Sisters don,t you hear the sound
our Mother,s voice it is so charming
Virgin souls come gather down
and of her lovly ways be learning
Heark her children how they call

now the curse is disappearing
Full redempton from the fall
by the virtue of cross bearing

3

Precious Mother sound her name
ye aged and ye youth togeather
It was through her redemption came
from all the filthiness of nature
She revealed the man of sin
showed where he was proudly seated
With his whore along with him
by the cross she has defeated

4

She revealed the gospel plan
and showed what God thro, Christ is doing
To redeem poor fallen man
and save his soul from endless ruin
By here sufferings overcame

6 on taught the way of selfdnial
Put the nasty fesh to shame
in which old Adam, s race were lying

5

Brethrn let us all unite
and keep the ground that Mother gave us
Sisters too let, s stand and fight
for now the Lord will surly save us
In obedience let us move
for this, to Mother is so charming
Let us live in peace and love
and her lovely ways be learning

or Hymn 4

1

My robe is new my crown is bright
I, m happy blest and free
I feel as tittle as a mite as lively as a bee
I sip the honey from the flowers

that blooms in Zions vale
I smell the odors from their flowers
that floats upon the gale

2

Thare is no empress on the globe
tho seated on a throne
can dress in such a costly robe
or wear so rich a crown
You cannot think how pleas'd I be
with my beloved home
A feast of love is made for me
like honey from the comb

Hymn 5

1

Come virgins arise and dispell all your fears
The voice of the Bridegroom has reached our ears
The Bride has come forth and the servant decla
And this invitation is free for us all

And all who will venture
May now come and enter
And share in the treasures of love

2

Christs servants have call'd us and bid us come in
And waited to have us get strip't of all sin
Come up and be doing and let us prepare
For Mother has sent us a garment to wear
And and all who believe it
And gladly receive it
Will keep it and make it their own

3

Come strip off your vestments so ragged and old.
Be clad with a garament more precious than gold
So lovely so pretty and all keeps clean

4

The choicest of raiment that was seen

And all who will wear it
Do,nt rend it nor tear it
Their nakedness will not appear

4

This beatiful garment as we have been told
Is formed of a substance that never grows old
And clad with this garment we cannot conceal
Our inward sensations how pleasant we feel
We, ll take a full measure
Of this blessed treasuree
Then we shall be happy and free

5

O what a rich preasant my Mother has made
In choicest of raïment I shall be arrayd
To call it my beauty I cannot forbear
Tis just such a garment as Mother does wear
O what a rich present
It makes me look pleasant

78 I,ll wear it as long as I live

6

Come Brethren and Sisters come share in the prize
For this is the garment that make us so wise.
It,s will make us feel loving and simple and meek
And all such as wear it how pleasant they speak

Let,s love one another
Be thankful to Mother
And patiently travel along

Hymn 6

1

Lo in these latter years the bright angel appears
Though the heavens he,s taking his flight
With his banner unfurl,d crying woe to the world
Its offences must come to the light

2

Now the devil,s come down and he rages around
Knowing short is the time of his reign

But beware of his crew for in haste he will do
What soever dark works yet remain

3

In your actions unclean your are openly seen
And this thruth you may ever remark
That in anguish and wo to the saints you must go
And confess what ye done in the dark

4

From restraint your are free and no danger you see
Till the sound of the trumpet comes in
Crying wo to your lust is must go to the dust
With all the unfruitful pleasures of sin

5

Horrid woes like a flood on the sheeder of blood
With such awful conviction shall roll
That he cannot in time wash away the fowle crime
Nor escape from the guilt of his soul

6

And a woe to the liar he is doomed to the fire
Until all his dark lies are confessed
Till he honestly tell what a spirit from hell
Had its impious seat in his breast

7

And a woe to the thief without any relief
He is sentenced in body and soul
To confess with his tongue and restore every wrong
What he ever has robbed or stole

8

And a woe to your pride for you never can hide
From the all seeing eye of the Lord
When you cry for relief in your anguish and grief
You will justly receive your reward

9

What a woe to the man with his antichrist plan
Who is preaching his gospel for hire

For he cannot increase any more than his flock
Nor deliver his flock from the fire

10
That the sinner may plead that it was not decreed
For a man to take up a full cross
Yet in hell he must burn or repent and return
And be saved from the nature of loss

11
Heavy woes sink apace on the lost fallen race
And we know that the time is at hand
When the wicked shall wail and their courage shall fail
For destruction will cover the land.

12
Many woes have been sent calling men to repent
And forsake their corruptible trash
But this trumpet comes last as a finiseng blast
To destroy the dark works of the flesh

Hymn 7.

In beatiful orders path way
I feal great contentment of mind
It takes poor old fretful away
And fills one with feeling refind
It graces the features with life
And kindles sensations of mind

But alway is loving and kind

2

This path way is paved and trod
By faithful and crofs bearing soals
It will lead and driect us to God
Whare heavenly blefsings unfold
So while to Gods order we hold
We find such contenment of mind
They draw like a chain of pure gold
Thats tryed well wraught and refind

3

Is a wall unto my soul
The bread of life is here obtained
Here the living waters roll
Yes, is here the tree of life does flourish
Here the milk and honey flows
Here's found the vine and blooming myrtle
Here's the rose and lilly grows

V6

Hymn. 11.

1 A simple path of self denial.
Now is ~~open~~ opened to our view
We must stand the fiery trial
If refined we go through

In an obedient humble spirit
We, ll [illegible] pursue the narrow path
Peaceful kingdom we, ll inherit
Shun the haughty ways of death

2

A simple life of love and meekness
Will the crown of life obtain
We will wade through tribulation
That the victory we may gain
O thou source of endless pleasure
First of all Gods high command
Thou canst bind the King of terror
Chain him with thy peaceful hand

3

O thou ugly crooked nature
Proud and lofty stiff and vain
Here, s a path thou canst not travel
Love shall all thy glory stain

20 Peaceful path of love and union
Narrow way that leads to life
Self denial gospel union
Puts end to every strife

4

No more jaring or contention
No more words of bitter strife
Peaceful path of selfdenial
Now the honest soul invites
What the Satan try to darken
Or to fright our souls away
Unto him we will not hearken
We we will keep the narrow way

5

The temptation like a tempest
Gathers thick thunders loud
We'll not mind the ugly creature
We'll disown the nasty brood

In the path that,s srait and simple
We,ll keep humble meek and low
When the firy darts of Satan
Over us will surley go

Hymn 12.

1

Come sweet peace and gand around me
Watching every riseing thaught
Every one that would confound thee

Come sweet peace and fill my bosom
Let all jarring sounds be meute
Let the olive spread and blossom
Fill us with thy heavenly fruit

3

Come sweet peace for thee I'm calling
Come thy sacred banner spread
Where all discord is a falling
Come and rear thy lovely head
Come sweet peace thou art prevailing
Surly thou hast gained the palm
Bitter envy strife and railing
Flee before thy peaceful mind

4

Come sweet peace and take possession
Bear the scepter in thy hand
Blest the nations with thy blessing

Ride triumpant through the land

Come sweet peace and reign forever
Never more thy Subjects leave
Lovly pledge of christ the saviour
Precious pearl that Mother gave

5

Come sweet peace thou God like spirit
Thou art humble meek and mild
Who can clearly shew thy merit
Thou art heavens lovly child
Come sweet peace thou lovly sister
Of pure love and charity
Every feature every jesture
Shews that heavens found with thee

All contention war and strife
Come sweet peace in mercy join me
To the blooming tree of life

Hymn 13.

1

Behold how precious is our day
Here in we find the living way
The blessed way that long has been
Concealed from those that live in sin

2

Now the pure gospel is come to light
And here we see it shineing bright
And now the way is strait and plain
And from all sin we must abstain

The word of God forever new
Doth gently fall like heavenly dews
Upon the soul that does believe
Whose only choice is to receive

3

Here we can sing and worship too
In Zions songs forever new
With in these walls were daily bless
With love and union peace and rest

4

And when at night we take our rest
With guarding spirits we are bless
Good angels watch with tender care
To guard Gods chosen every where

5

Ow who can then unthankful be
Since God in charity and love
Has called us to this precious way

Which saves our souls from day to day

Hymn 14

In thankfulness we will adore
The God of heaven ever more
For laying out this blessed way
Which we are called to obey
O glory glory hallaluah
'Tis a bright and heavely way O glory

He sent his pure and lovely son
In whom this glorious work begun
But through the cruelty of man
They took his life to stop this plan
O glory glory hallaluah
Stop this work they never can O glory

So God in mercy chosed to be
His ligh to shine through Anna Lee
He gave her strength to bear her cross
And show to man his greatest loss
O glory glory hallaluah
Peace and love comes by the cross O glory

This blessed work they did effect
And every evil did reject
And now our thanks shall freely flow
To Jesus Christ and Mother too
O glory glory hallaluah
Their example we'll pursue o glory

Hymn 15

1 My warfare is with in my breast
To overcome and stand the test

Against the evil that ensue
And every fleshly tie refuse
I'll war by day I'll war by night
I will not slack but I will fight
Untill I've won the victory
And overcome mine enemy

I'll hold my weapon bold in sight
In open field I chose to fight
Where flesh and sense encamp around
Obedience is my battle ground
Where I can meet my strongest foes
And smite them with such deadly blow
All tho a giant great and tall
By faith I'll smite and down he'll fall

Stand fast ye soldiers of the cross
Avoid all pitty or remorse

And like a Samperson smite and slay
A thousand fleshly lust a day
Tis by the bone of faith we fight
This puts our inward foes to flight
And clears the way to heavens door
Whare we can rest for ever more

Hymn 16

1
Come let us all be chearful
And keep the way of God
Use wisdom and be carful

For which we cry and pray
That we may keep relation
In orders lovely way
O let us rise and trample
All evil feelings down
Let Mothers pure example
In all our walks abound

3

So we shall grow and and flurish
Like watered gardens do
For Mothers love will nourish
Her simple meek and low.
All faithful overs comers
The crown of life will gain
And with our blest fore runner
In Zion shall remain

Come Mothers love so pure and clean
So lovely and so pretty
The richest fruits may now be seen
With in her lovly city
What precious fruits around me grows
O come ye souls and enter
Come taste one precious drop that flows
From this beloved center

Comes here the way so bright and clear
That those who runs may read it
It is the love of Mother dear
O children come receive it
The voice of Mother calls to you
Be simple meek and lowly
And you shall have a robe that's new
A spirit pure and holy

32 Hymn. 18.

1
Orzion arise like a beatiful morning
And let thay fair brightness extend abraud for a
For all must declare it on earth and heaven
That thou hast decended from none als but god
The many may rage and remonstrate against thee
Thy holy foundation forever shall stand
Unsoiled by slander reproach or by envy
On this poecious soil of Americas land

2
Here liberty reigns as as a standard of union
And all are invited to geather around
And share of the blessings prepard by heaven
For no other good like to it can be found
All kindreds all nations all colers and people
No orders or sect are rejected at all
But all that are willing to give up their idols
Upon this fair Zion of God they may fall

Here a home for the widow the fatherless orphen
A place where the way faring man can abide
But all that would enter this beutiful city
All carnal affections they must lay a side
No whore nor whoremonger shall ever inherit
This city peace that prepared for the just
For carnal professors who live in polution
Defileing them selves with their own beastly lust
ship.
4 Then come out ye sinners and be seperated
From all thats offenive to this holy cause
And follow Christs footsteps live his example
Regardless of all other precepts or laws
Tho you may meet trials temtation and conflicts
And sore persecutions upon you may fall
Yet zion shall prosper and her faithful children
Shall come off victorious over it all

Hymn 19

1

Leap and shout ye living building
Christ hath in his glory come
Cast your eyes on Mothers children
See what glory fills the room
Full of glory all in motion
Skiping like the lambs in may
Dancing in their best devotion
How the blessed virgins play

2

Once it was our best devotion
In our gifts to weep and cry
To our Father while our notions
Fix him far beyond the skies
Here we strove to streach our senses
When we tryed to sing and pray
Now our Father and Mother with us
Leading us from day to day

3

What could fill us with such meanness
We could never comprehend
Still confessing our uncleanness
Now this mystery at an end
Was our lust the beast we followed
Saying who is like to him
In our filthy workes we wallowed
And our heaven was a dream

4

O Righteous God we give thee glory
Thou [illegible] in truth hath judged the whoore
Hallaluah we'll adore thee
With our songs forever [illegible] more
Because thou hast redeemed Jacob
From the hand that was so strong
And gave us strength our crosse to bear
And amen shall end our song

Hymn. 20.

1 Thus Mother says ye chosen few
That's called to keep my word
Thare is a work for you to do
Let each gird on their sword
On Zion's mount I long have stood
To view this chosen spot
I've seen the evil and the good
That claims in me a lot

2 I've waited long and been in peace
To see how some are bound
To see in them the serpents base
~~In charity and tenderness~~ So covered and so spund
In charity and tenderness
I've waited at the ~~door~~ door
And taught them my righteousness
That would the soul restore

My righteous laws and orders too
I, ve given them to keep
Now I, m determined they shall know
That as they sow they reap
A seperation must be made
Between the foul and clean
For at the root the axe is laid
To purge the soul from sin

4

Lust and affection is the cord
By which the soule are bound
And burning truth that flameing sword
Is what will clear the ground
Now faithful soules that, s kept my word
And trusted in my name
A crown of life is your reward
In peace and glory reign

Hymn 21.

1
How happy that immortal mind
Who rests beneath Jehovah's winings
Who sweet employment there can find
Without the help of earthly things

2
The world around may rage and fight
And lay in dust their highest thrones
But nothing can that soul affright
Who lives for God and him alone

3
When such shall lay their bodys
An from their manual labour
They'll find a band of angels nigh
To guard them safe to relms of peace

4
They'll wing their way to mansions fair
Whare Christ their Lord in glory reigns

Meet hosts of shineing spirits thare
Beyond the reach of mortal pains

5

O may I know and prize my day
My span of time how swift it roll
I soon must quit this mortal clay
And then explore the land of souls

Hymn 22.

1 In this world of tribulation
Whare ten thousand dngers stand
I am call,d to keep my station
Guard and wach on every hand
Day and night I am surrounded
Foes with in and foes without
If my peace should not be wounded
I must always looke about

No. 23 If I linger sleep or slumber
Darkness will pervade mine eyes
While the faithful wachful number
Are advanceing to the prize
O how sweiftly time is flying
Daily it is on the wing
Let me then with Christ be dying
And complete redemption sing

3

When my warfare is completed
When my mortal race is run
With the saints may I be seated.
Take the laurels I have won
With my precious friends united
Who have suffered here with me
In that region be delighted
Through a sweet eternity

Hymn 23.

1 O how precous and how cheering
Is the lovly way of God
O what comforts are appearing
While we travel in the road
No discouragge or weakness
Can disturb this little flock
Persecution pain and sickness
Cannot move a solid rock

2
Little children love ~~your~~ each other
And be humble meek and mild
For our precious loving Mother
Loves a true obedient child
Let us be simple simple kind and clever
Never be a shamed to pray
For our precious parents never
Harm such little ones away

Hymn 24

1 Come brethren and sisters let's learn to be wise
That we may inherit the immortal ~~forage~~ prize
For full compensation for all we endure
Rich clusters of heavenly things before

2
The true heirs of heaven are humblein mind
And tender in feeling and loving and kind
Their souls are replenish'd with Lewis from above
They drink at one fountain the spirit of love

3
The image of meekness upon them is engrav'd
With wisdom and beauty their ways shall be grav'd
The smiles of good angels from heaven above
Are hovering around like a mantle of love

Hymn 25

By stream where living water flow
Where lilies bloom and roses grow
~~Where living waters flow~~
This little band with joy regale
For heavenly fruits grows in the vale
No ragging storms nor darkening cloud
Can reach this vale no high nor proud
For to the pure rejoicing band
The Lord will give this holy land

Hymn 27.

1 The spirit of obedience
O how it binds the carnal sense
It is the only true defence
Where souls can find protection
From other Lords and lovers free
I'm well contend where I be
Obedience hath saved me

44 From every base connection

2

Obedience hath fix,d me here
And fixed my soul from soul from ev[ery]
And now my cross I mean to bear
And still be in my duty
Free from all damage debt and fraud
I stand upon the mount of God
And mean to go no more abroad
In quest of love or beauty

3

Obedience my feelings bind.
From objects distant or behind
And in my present gift I find
The greatest consolation
To worship God with feet and hands
And where my call and station stands
To wear the gospels lovly bands

4

Obedience that, s pure and clean
Is all the staff on which I lean
It leads to glory yet unseen
Which tongues have never spoken
Obedience I truly say
So what is taught in this great day
Will prove and everlasting stay
Which never can be broken

Hymn 27

1 Embrace with joy what Mother teaches
O ye little chosen few
With pleasant looks and pleasant speeches
And with pleasant feeling too
Return to Satan all your sadness
All dark gloom to him belongs

46 Come let the voice of joy and gladness
Ring with Zions pleasant songs
2
From sin and sorrow we, ve departed
And are walking in the light
And we, ll be true and honest hearted
This we all may know is right
The soul that Mother, s way embraces
Is arising from the dead
And now, s the time for pleasant faces
Not for hanging down the head
3
A joyful heart is well excepted
In this glorious latter day
Because our souls are well protected
In our Mother pleasant way
Our King and Queen we, ll love forever
And their pleasure we will do

So shall we gain their grace and favor 4 1
And a place in heaven too

Hymn 28

1
Come on fellow travelers to Zion we are going
The cost we have counted the score is complete
The world with its beauty still darker is growing
From which we forever intend to retreat
We'll pass through all storms to the mansions of glory
Where trials and sufferings will find us no more
We'll then with delight will repeat the glad story
And join the bright corus of thousands before

2
This world of vain glory is not worth possessing
The reason for which we can easily tell
Because it deprives us of far greater blessing
And souls who pursue it sarse ever do well
But if we resign all that time can take from us

And patiently walk in the strait narrow way
We, ll find greater blessing according to promise
Besides a more permanent place of abode

3

While here on this earth we, ll face every trial
That losses and crosses may bring to our view
And still be increasing in true self denial
Till selfish old nature we wholly subdue
Then let us be cheerful while passing all danger
We soon shall arrive where the conflict will cease
No more on this earth to be out among strangers
But safely repose in the mansions of peace

Hymn 29

1 A greater work we have to do
Than all that we have passed through
Then let us all with zeal renew
The work of self denial

For tho we, are safe from actual sin
Their is a nature yet within
Which to old Satan is kin
And it must come to trial

2

A plain confession we do know
First give our pride a fatal blow
And we could then walk verry low
And no great honor claimed
But now the stinking beast can hide.
And cover up his nasty pride
But God will open his inside
And make him get ashamed

3

Against the world we could unite
And all that sood in open sight
But now we truly have to fight
A more important battle

58. The root of pride and self conceit
The fire of God will surely meet
And nothing can endure the heat
But pure and solid metal.

4

come down come down is Fathers call
come down or ye will surely fall
The house of God is low and small
The place is quite contracted
Their is no room to show your pride
Nor take your steps so large and wide
Ye must close in on every side
Ye must ~~be more compacted~~ be more compacted

5

The gifts of God we clearly find
Is now against the carnal mind
That selfish nature it will bind
And burn it to a cinder

The narrow gate we,re passin trough 5.
Will not admit of more than two
And now old self we will subdue
And who shall let or hinder
6
We,re glad and thankful for the day
When Gods pure gifts we can obay
And now for hotter fire we pray
On every selfish passion
That all the humble and contrile
May in the fift of God unite
And ful that sollid pure delight
That in the new creation

Hymn 30

1 Now I will be little now I must I mild
That Mother my own me for her gospel child
This mighty big spirit that rises so high

Must linger and suffer and perish & die

2

My sense is haughty my sense is too wild
The cross must greater the sense must be mild
I want to feel little and humble in heart
That sin and all folly may from me depart

3

Of all thats on earth I have nothing to boast
My nature so wretched so sunk and so lost
Only this old nature thats haughty and high
Continue to linger and suffer and die

4

I then with my Father and Mother abound
Where sin and temtation can never found
And drink at their fountain shall never be dry
And all the good blessing of heaven enjoy

Hymn 31.

1

O what heavenly consolation
Peace and joy and preservation
We have found by revelation
In the love of Mother
Oit is a precious treasure
How it fills my soul with pleasure
We receive it without measure
Blessing one another

2

In her pure and holy spirit
We her precious love inherit
We'll mentain her life and merit
Following her example
In the path of self denial
While we bear each cross and trial
Tho a bitter cup or vial
We on evil trample

Hymn. 32.

1

Come look at this new living order
And see the foundation of peace
O Zion how lovly thy borders
Which show forth a living increase
Thy subjects are ever employed
In works of both virtue and love
The evil must all be destroyed
To lay up a treasure above

2

The earth must again be redeemed
From all that encumbers the ground
As prophets and spirit have dreamed
Salvation in Zion is found
New heavens and earth are creating
In which every soul must awake
Long time has the spirits been waiting
That we might all evil forsake

Now all have freely forsaken
The ties of old nature so strong
Shall sweep through the tempest unshaken
By Satans delusion and wrong
With music and dancing delighted
From sorrow they find a release
Their joys in (mount Zion united
Shall sound with eternal increase

Hymn 33

1

We thank thee O Mother
For hearing our prays
And granting us more o
The true gospel here
For we are determined
To cross the old man
And get into order

2

That lawless proud nature
Has now run its race
And now we'll come down
To our order and place
We'll take up our cross
And go no more abroad
Unless in the gift
And protection of God

3

The fruits of this gift
We shall presantly see
And then how loveing
And thankful we'll be
For that precious union
Which freely doth flow
To bless and protect us

4

We know the old serpentine
Nature will grin
The gate is so narrow
He cannot get in
But while he could wish
He never can learn
The heirs of salvation
Can laugh him to scorn

The work of redemption
It surly must be
That crosses the old nature

Then let us be thankful
For such an increase
Until we get down to the city of peace

1 On Zions mount behold the lamb
As the beloved John fore told
United with his holy band
New scenes of glory to unfold
An hundred ~~and forty and four~~ thousand and more
Of virgin followers clean and bright
The life of him they do adore
By which they all are clothed in white

2

A voice from heaven next was heard
Like waters great and thunders loud
In vision then to John appeard
The Lord in his mysterious cloud
The heavenly harpers sweetly sound
The glory of the latter day
Ye souls who have the gospele found
From death and darkness come away

3

Now these are they who are redeemed
From among the fallen race
And full redemtion they have gaind
And obtaind the holy place
Lift up your heads ye righteous nation

Hear what Jehovah saith
The Lamb of God whom I have sent
Demands your living faith
Behold he has appointed
My council to obey
And by his true obedience
To take all sin away

2

The lovly voice of wisdom
Sounds from the Fathers side
Behold the Lambs companion
The everlasting bride
I've sent her in my spirit
To shew to man his loss
And track of self denial
And how to [illegible] his cross

3

Ho every child of wisdom
Your Mother now behold
The way of true redemption
I've sent her to unfold
With her eternal headship
Forever to unite
And open a pure fountain
to wash you clean and white

4 Now from the heaven heavens
their voice does jointly cry
We've set you an example
Your selves you must deny
Ever foot step you must follow
tho hot as burning coals
Or never find salvation
or rest unto your souls

5

For lo Gods indignation
has now begun to burn
His fury meets all nation
which ever way they turn
His wrath is on their armies
and their unrighteous laws
To clear the way to Zion
and to build up her cause

6

Behold the judge is seated
the books are open wide
And heaven and hell are waiting
to have a fair divide
For man must be immortal
to dwell with God on high
Or sink beneath his vengance
where he can never die

7

Then hearken oh ye children
to what your Mother saith
Forsake the path of folly
and learn her lovly ways
She is the perfect brightness
of the eternal light
Where power and potless glory
and goodness do unite

8 The son ~~is~~ is not so lovely
unto our natural eyes
As that eternal wisdom
which makes the simple wise
And while her faithful children
like stars of light do move
She kindly sheds upon them
her everlasting love

9 She is Gods holy temple
which he will not forsake
And to her deep foadation
ever
no power can shake
Then let us cleave to Mother
she is our precious lead
And Father sure will help her
in every time of need

182 Hymn 59

1
My cold flinty heart the pure gospel hath warm
Enraptured my judgment my senses hath charm
In vain against Christ and his kingdom I strove
What, life without union sweet union and love

2
The corruptions of nature I freely let go
From souls in corruption no raptures can flow
Christ's kingdom to them a lone desert would prove
What, life without union sweet union and love

3
The perfections of Christ I now have in view
To follow my leader is what I will do
Then strait to his kingdom I forwards will move
There dwell in close union sweet union and love

4
In sore tribulation good humored I'll go
In justification shall life pass away

In life that is pure I will rival the dove
And live in close union sweet union and love

5

While those to the world and its ways still do hold
Will travel in sin and in evil be cold
They ll never feel the blessings that come from above
But live without union sweet union and love

Hymn 60.

Mid scenes of affliction and creature complaint in
How sweet to my soul is communion with saints
To find at the banquet of mercy there is room
And feel with my brethren sweet union at home

6

Sweet bands that unite all the children of peace
And thrice precious union where where love cannot cease
No more from thy presence in sadness I roam
For all will be peace if I dwell at home

3 I feel from the power of sin I am free
His a source of pure joy and for ever shall be
And tho my affliction like billows may foam
Still I am resolved to stay at my home

4 And while in the valley of conflict I stay
May I have submission and strength as my day
In all my afflictions whatever may come
The cords of sweet union still binds me at home

Hymn 61

Come free born souls who are heaven bound
Arise be strong and stand your ground
The wheel of time is a rolling round
Eternity considered
The trials here we are passing through
We soon shall quit this vail below
And enter in that world above
To shout and sing eternal love

1 What beatiful city of which it is spoken
Thy streets shall be paved with the purest of gold
We've somthing more than a sign or a token
Of this blessed mansion by prophets fore told
The wall and the gates have begun to be raised
The street now with gold are beginning to shine
Thy name here O God will forever be prised
With songs of thanksgiving and anthems divine

2 ... ...
And as the their great building of God is erected
Old Babylon's towers to to pieces will fall
The wicked from ruin cannot be protected
Unless on this Zion of God they will call
In vain do they fly to their great splendid building
To hide from the wrath of an Almighty God
For down he will shake them with all this like guilding
And under the feet of the Lamb they all be trod

3 Then come up to Zion all you that desire
To share in the heavenly treasures of things
And likewise escape the unquenchable fire
Which God in his wrath on old Babylon brings
While the ensign of freedom in mercy is waving
I haste now repair to the city of peace
For here is a refuge where souls can be saved
A place where all troubles and sorrows do cease

Hymn. 63

1 O Lord I love thy holy way
It is my souls delight
I'll learning cross from day to day
It makes me pure and bright
For it doth learn me to be meek
Be kind and loveing too
To always watch when I do speak
And always what I do

2

O I do thank the God of truth
For his good will to me
That I was called in my youth
From sin to be set free
That I may learn to fear the Lord
Now in my youth and prime
That I may have a good reward
When I have done with time

3

If I do gain this holy prize
My self I must deny
I must be simple meek and wise
And live in purity
Why was I called in my youth
So walk the narrow road
While others round knew not the truth
Nor how to serve Lord

4 O Mother I obey thy voice
It shall be my delight
I'll bear my cross it is my choice
I bear it day and night
I will thankful yea I will
I will be humble to
My ugly nature I will kill
In every thing I do

Hymn. 64.

1 When I behold the saints of God
In harmony united
On Zion land in order stand
O how I am delighted
With peace and rest forever blessed
In light and love advancing
They move along in union strong
With music and with dancing

I'll fill my soul with life and zeal
To gain that ceaseless treasure
I will arise and win the prize
And take my cross with pleasure
No wind that blow shall overthrow
Or ever stop my travel
I feel resigned to leave behind
The world the flesh and devil

~~No wind that blow shall overthrow~~
~~Or ever stop my travel~~

2 I
Tho I should pass through stormy bla[s]
And scenes of tribulation
I'll never fear but persevere
And gain complete salvation
This is the road our parents trod

W. Who marked the way before us
The cross indured and life insured
And gain the day victorious

4

So I must go through scenes of woe
And death to my old nature
Before I reach that blessed state
Completely a new creature
Then I, ll rejoice and raise my voice
Renounce the flesh forever
For this is all that keeps the soul
From union with the saviour

5

Now I will be forever free
And keep my just relation
To every mild and simple child
Through out the new creation
I love this little narrow way

the way of self denial
I love the cross that burns the dross
I mean to stand the trial

6

I love this simple gospel plan
That in this day is given
For now I see simple way
That leads the soul to heaven
Thanks for the same to Fathers name
Thanks to our blessed Mother
My union now shall freely flow
To sister and to brother

Our Mothers love is flowing
Our Mothers love is flowing
Flowing flowing flowing
To all her faithful children

92

Hymn. 65.

1

O what a rich blessing
My soul is possessing
More precious than gold
Is this heavenly way
This pure gosple treasure
My soul seeks with pleasure
Let this be my labour
By night and by day

2

My calling is great
And I must be improving
Each moment of time
As it passes along
And now on my journey
Be swiftly a moveing
Let this be my labour
Let this be my song

Whence comes this bright celestial light
What cause produces this
A heaven opens to my sight
Bright scenes of joy and bliss
O Lord Jehovah art thou here
This light proclaims thou art
I am indeed I am always near
Unto the humble heart

2

The proud and lofty I dispise
But bless the meek and low
I hear the humble soul that cries
And cumforts I bestow
Of all the trees among the wood
I chose one little vine
Here in my vinyard I will rove
The humble heart is mine

3

Tall cedars fall before the wind
The tempest break the oak
While slender vines will bow and bend
And rise beneath the stroke
I've chosen me one pleasant grove
And set my lovely vine
Here in my vineyard I will rove
The humble heart is mine

4

Of all the fowls that break the air
I've chose one little dove
I've made her spotless white and fair
The object of my love
Her feathers are like purest gold
With glory she doth shine
She is a beauty to behold
The humble heart is mine

5
Of all the kine that rove at large
I chose one little flock
And these I make my lovly charge
Before them I will walk
Their constant shepherd I will be
And all their ways refine
And they shall serve and reverence me
The humble heart is mine

6
Of all the sects that fill the land
One little band I chose
And led them forth by her right hand
And placed my love on those
Thou lovly objects of my love
Around my heart shall twine
My flock my vineyard and my love
The humbles heart is mine

Ardour of love Hymn 67.

1

So thee o my saviour I earnestly pray
So guide and protect me in thy holy way
And cloth me with meekness and love
May I in the path of true holiness walk
Place me on that solid and permanent rock
Which tempest can never remove

2

The way of salvation is now open free
Which thousands have waited and longed to see
But never obtained the sight
Such comforts and peace to my soul it doth bring
In anthems of praises to my saviour I'll sing
And make this pleasure way my delight

~~3~~ 4

~~The storms and thick darkness do gather~~ and
The storms and thick darkness do gather clouds
And the persecution and trials abound
Yet still in my God I will trust

Yea althe ten thousands sould fall by my side
In Gods holy way I will ever confide
His promise is faithful and just
~~His path has been trod by our parents~~ above
4
His path has been trod by our parets above
The trees of life wave round this arbour of love
Where happifide spirits do meet
In union with those who are faithful and true
This strait narrow path I will ever pursue
Till I am redeemed complete
5
When over all evil the conquest I've gain
With my blessed parents I ever shall reign
Where heavenly blessings abound
By daily pursueing the strait narrow road
I shall enter into the city of God
And with life eternal be crowned

Hymn 68

1 How joyful and pleasant the saints do appear
Who follow the gosple of peace
How happy the soul that is redeem'd from all fear
From sin and from sorrow they cease
The children of Zion who walk in the light
And put every evil away
Have nothing fear if they alway do right
For this is the work of the day

2 This work of ~~re~~salvation each one must perform
If they would inherit the crown
With meekness endure all the heat of the storm
Till every high passion comes down
Then let us be humble and simple and mild
And follow the true gosple call
For this is the duty of each faithful child
Who will be redeem'd from the fall

3

If God against sin hath his vengance decreed
My soul stand upright in thy lot
For all who are ~~redeem~~ sayed from sin must be freed
The whirlwinds should become blazing hot
Then why should I fret and repine at the cross
Or hearken to old naturs call
Since by it I must be redeem,d from my loss
Or down into ruin must fall

4

Surrounded with trials on every side
And rolling temtations within
The soul that in truth will forever abide
The pearl of great price they shall win
Through losses and crosses I then will endure
The end of the matter to find) that as pure
That my soul may benumber,d with those
From dross and alloy well refin'd

5 The prize is far greater than tongue can express
Which God has laid up for the pure
Each soul that is faithful shall find a ready
For all they have now to endure
Then let us be cheerful and pleasant and wise
The crown of salvation is sure
Eternal redemtion is held as a prize
For all who will firmly endure

Hymn. 69.

Now like little lambs on the mountains will play
While Father doth lead us in this pretty way
Then can it be wrong if like horses we prance
The prophet hath said we should swiftly advance
Then virgins rejoice both the aged and young
While praises are sounding from every tongue
With loud hallalu-ah and songs ever new
For blessings descending like heavenly dew

Hymn 70

1 My Mothers love it is a feast
It is the hiden treasure
My soul from bondage it is releast
And fills my mind with pleasure
Pure ~~pure~~ love and union is food
That nourishes my spirit
It truly is the greatest good
I ever did inherit

2
It saisfies my hungry soul
Like wine it is refreshing
Such lovly treasures it unfolds
I know it is a blesing
Then I will dance and clap my hands
And bless the son and daughter
For in the light I love to stand
And drink the living waters

1 Upon the foundation of Zion I'll stand
While God has erected in this favor'd land
The true gospel treasures are here kept in store
Consisting of virtues eternal and pure
I'm thankful to God for this new way living
The manifestation of Mothers bright way
No vail left to cover the gospel is plain
By which we're made able salvation to gain

2

So why should I linger or halt in this day
Or foolishly trifle my moments away.
I can but with sorrow bewail and repent
And cry for my moments already misspent
Yet now the kind mercies of heaven are free
Most amply I feel them extended to me
The sweet consolation and Motherly care
Is that which constrains me to break forth in tears

O Father and Mother make me a good child
More humble obedient more simple and mild
More tender of feeling more able to pray
And every pure order of God to obey
Oblefs me with union pure union and love
That I may in heavenly virtues improve
So shall I remain in thy dwelling secure
Where I shall desire to wander no more

Hymn 72

O Lord meekneſs and salvation
Lead my soul in vallies low
Feed me with humiliation
In paths of peace where ever I go

It is my all it is my pleasure
And to thy will I'll be resigned

Hymn 74

1 Press on press on ye heirs of grace
And Zionwards still keep your face
The everlasting prize is sure
To every one who will endure
Indure the cross a little while
And in the vineyard work and toil
And when your've labourd through the day
You'll then be call'd and have your pay

2

Just keep your garments undefiled
Be harmless as a little child
Protection you shall find in me
And from all suffering soon be free
Then in my kingdom you shall reign
Where all my children shall be bless'd
Your love and joy shall ever be
Increasing through eternity

Hymn 74

I humble myself to the dust of the ground
And rest in humilys vale
Where peace and salvation are flowing around
And waters that never can fail
From Christ the true rock these waters do flow
I, was Mother first taught me to drink
And showyd me the pool and the valley below
And the strait narrow way to its brink

Hymn 75

The pure way of self denial
Has appeared to our view
And the gosple plainly shows us
What we all have got to do
It is to labour to be little
And to shun all jars and strife
Keep our union with each other
This is the good believers life

106 Hymn 76

Move on with the gift
Join the heavenly motion
This will give us all a lift
I we get our portion
Dont be slack go a head
Beak your bands asunder
This is riseing from the dead
To keep old nature under

Hymn. 77.

While in the spirit I behold
The heavenly orders moveing
In endless ranks see them enrol,d
How beatiful and loving
Come on come on good friends I say
Att trials never murmer
For shakers yet will take the day
Come join the heavenly number

Hymn 78 107

She rolling deep may overturn
The vallies sink the mountains burn
But thou my soul shall firmly stand
Supported by Gods righteous hand
To the o Lord my thanks I give
Tis by thy holy faith I ~~faith~~ live
My life I freely have laid down
To bear the cross and wear the crown

~~78~~ Hymn 79.

Pure love and union Zion bases
Sweet as summers morning clear
Sore affliction time nor places
Can the just from it depart
Union feasts our souls with pleasure
And increases love and zeal
Union is our endless treasure
And its blessedness they feel

2

Yea they can join in sweet devotion
Partners of eternal rest
And their union like an ocean
Rolls with in their peaceful breast
They can sing eternal praises
Unto God and to the lamb
While the world a round them gazes
They can feel a heavenly calm

3

And o how peaceful and how lovly
Are the souls who union gains
Such are good and kind and holy
Happy souls who union gains
Yes the offsprings of kind heaven.
Pure and lowly all devine
Unions gentle smoothe and even
Union I will make it mine

Hymn 80.

Come lovly children now be free
For you are called so to be
So walk the road of purity
The way of self denial
Come let us all in love unite
And serve the Lord with all our might
And in the gospel take delight
This way is pure and holy

Hymn 81.

1 We are passing o're times dreadful sea
Where mighty billows roll
I know thankful there is a place for me
Where I can save my soul
I have enlisted not to flee
From Zions ship of love
And many strangers we can see
While from the dock we move

2 With all on board we hoist our sails
To stem the swelling tide
And venter out into the gale
And o'er the billows ride
There is no danger while on ship
If all are just and true
But if a single cord should slip,
There's danger of the crew

3 But while each one his order keep
And stay right to his post
We'll ride completely o'er the deep
Where vessels have been lost
Our captain true beyond a doubt
His ways are all discrete
And since we've boldly ventured out
We fear not Satans fleet

Hymn 82.

1 Lo the trumpets blowing
Now perpare to meet the foe
Now arise and let us go
Victory never doubting
Singing dancing shouting
Never let us yield to fear
Mighty foes are conquid
Loving zeal is growing

2 Singing free salvation
For we have this treasure found
Every foot doth freedom sound
Marching all in order
Round the heavenly border
We cement a solid band
Marching to the promised land
Holy habitation

Hymn 83.

Come love Mother's love
O how I love to feel it
Flowing from the realms above
Living souls receive it
Love and union freely flowing
Love love so holy
To the kingdom we'll be going
With the meek and lowly

Hymn 84

O freedom lovly in my eyes
To the I'm bound in duty
In thee is an eternal prise
Thy ways are ways of beauty
As fawns upon the mountains hight
Or as eagles in their flight
Some is perfect liberty
My soul does long to be as free

Hymn 85.

More life more zeal
More power I want to feel
And every step I will place my heel
Upon the old deceiver
Now I feel as free as air
And every gift I mean to share
And my faith I will declare
I'll be a good believer

Hymn 86.

O the sound of full salvation
Peace on earth good will to man
Here is a heavenly new relation
Brought to light by Mother Ann
Here no earthly tie is binding
Joyfully we will obey
Here by the cross we're daily grinding
Every evil thing away

Hymn 87

I must be advancing my spirit is glowing
With pure animation transported I feel
The music is playing the trumpet is sounding
No longer I tarry but go on I will
The old camping ground is getting to scanty
The rashions aloud us are to scanty for me
But just on a head they have all things in plenty
Eat drinking and merry and there where I'll be

Hymn 88

When the storms of sorrow roll
Bageing billows through my soul
In the vally I will fall
Of humiliation
Meek and lowly I will lie
Far beneath the stormy skies
When the floods are passing by
My sequestered station

Every humble sul I meet
Suffering in this low retreat
With my kindest love I greet
Softened with compassion
I will freely sympatise
With their grief an pleasure
In the spirit realise
Love beyond expression

Hymn 89

O what a rich treasure we now have received,
A chain to in circle all souls that believe
A cord to unite us in bonds of pure love
That we on our journey in union may move
We'll keep it unbroken and thankful we'll be
Its worth more than all the rich pearls of the sea
No gems on the mountains can with it compare
And those who possess it how lowly they are

116 Hymn 10

1 I, ll bear my cross I will be free
I, ll war and for liberty
This is my captains high command
So like a soldier I will stand
Through many a battle I have faught
Whare rageing foes my ruin saught
I draw my sword and fight againg
, till every enemy is slain

2
We now are marching to the field
Determine never more to yield
, till every enemy is slain
And we with Christ and Mother reign
Come brethren come come sisters come
Be joyfully are marching home
So let the music loadly play
Come on ye souls we, ll gain the day
